

## Lesson-09 Study Guide: Daniel's Great Vision

**Lesson Focus Passage:** [Daniel 7](#)

**Background:** Professor [Alfred Weber](#), a great historian, wrote a few years ago in *Farewell to European History*, “To the one endowed with historical perspective, it must be clear that we are in the end of world history as we know it.”

What will be the final outcome of the nations in this period of history? Yes, we can know. We cannot know all the details, but God has provided for us a broad scope of prophecy.

The seventh chapter of Daniel provides the most comprehensive and detailed prophecy of future events that you will find anywhere in the Old Testament ([Dr. John Walvoord](#), former President of Dallas Theological Seminary).
