## Study Guide for I John Lesson-03: Authentic Fellowship

**Lesson Focus Passage:** I John 2:3-17

**Background:** As we move ahead in our study, John continues to develop the thought of how a Christian can truly know that he has assurance of salvation; that he is indeed born again.

Or to put it in John's language that he may know that "*he truly knows God*". In this passage, we will see a moral test (v3-6), a social test (v-7-11) and then we will see a section that encourages these authentic believers (in all stages of maturity, v12-14) to continue demonstrating their love for God by rejecting what the world system offers (v15-17).
